English

Urdu

ABOUT ME

Hi, I am Umair. As a student and beginner web developer specializing in the MERN stack, I am motivated to enhance my skills and create compelling digital experiences. Proficient in HTML, CSS, JavaScript, and MongoDB, I bring a keen eye for detail and a passion for continuous learning. Eager to collaborate with teams and contribute to projects that drive innovation and user satisfaction, I am excited to embark on my web development journey.

WORK EXPERIENCE

MERN Stack Developer

2022 - 2023

Self Working with the guidance of sir Saqib rasool

During an enriching one-year journey, I independently explored web basics and MERN stack development under the guidance of a skilled university teacher. I mastered HTML, CSS, JavaScript, React, Node.js, and MongoDB, while actively engaging in hands-on projects that bolstered my expertise in creating dynamic and responsive web applications.

PROJECTS

● Coin bounce

A full working application backend is design by node js and fronend is design by reactjs . I use internal as well as external apis in this applicatoin. github link is as:

GitHub <https://github.com/Uamirfarooq/coin-bounce-main.git>
